CANARY ISLANDS:

In the Canary Islands, you can only receive prescribed oxygen therapy treatment through the Spanish public healthcare system (and therefore on the European Health Insurance Card) when it is needed for **more than 15 hours a day**.

If you do not meet the required minimum of 15 hours a day, you can apply to the private oxygen therapy company, **Gasmedi**. Please note that you must send the company an email in advance with the request in order for them to provide you with a quote. This information is not available online. The email address is avisos.canarias@gasmedi.com

How to claim reimbursement: please contact the **Overseas Healthcare Team (OHT)** directly on (+44) 191 218 1999 for information on possible reimbursement for the cost of private treatment. Please retain your receipts.
